Souvenir Card featuring \$1 Treasury Back  
Offered at Texas Numismatic Association Show

The Bureau of Engraving and Printing (BEP) will exhibit at the Texas Numismatic Association (TNA) Show, May 10-12, 2002 at the Amon Carter Center at the Will Rogers Complex, 3401 W. Lancaster off I-30 & University or Montgomery, in Fort Worth, Texas.

**THE TNA SOUVENIR CARD**

The back of this \$1 Treasury note features a lathe work border and central lathe work border leaving ample white space for distinctive silk fibers to show through.

Engravers George U. Rose, Jr., W. Frank Rowden, Douglas S. Ronaldson, Edward M. Hall, Marcus W. Baldwin, Lyman F. Ellis, Edward E. Myers, and Robert Ponickau contributed to the engraving of Miscellaneous Die 4497, which was completed November 4, 1898. Once the engraving was completed, the note was printed and issued as the \$1 Silver Certificate, Series of 1899.

Beginning in January 1899, George A. Mason transferred the engraved design of the \$1 Silver Certificate back, Series of 1899, Miscellaneous Die 4497, to Miscellaneous Die 4807. Engraver Lyman F. Ellis then altered the lettering of the die, changing it from a silver certificate to a Treasury note. The die for the corresponding face was never finished, and following the Act of March 14, 1890, Treasury notes were withdrawn from circulation as they were redeemed.

**EXHIBITS**

The Bureau will feature more than a billion dollars of antique currency, Treasury bonds along with gold and silver certificates. A technical expert on currency production will be available to answer questions and spider press demonstrations will take place at this show. Souvenir Card featuring \$2 Treasury Note  
Offered at American Numismatic Association (ANA) Show

The Bureau of Engraving and Printing (BEP) will exhibit at the American Numismatic Association (ANA) Show, July 31-August 4, 2002, at the Marriott Marquis, 1535 Broadway, in New York, New York.

#### **THE ANA SOUVENIR CARD**

The face of this \$2 Treasury note features a small portrait of George Washington, engraved by G.F.C. Smillie and is based on a Gilbert Stuart painting now owned by the National Portrait Gallery. This portrait is set amidst a vignette, also engraved by G.F.C. Smillie of a male and female figure representing industry and agriculture. Engravers Robert Ponikau, George U. Rose, Jr., G.F.C. Smillie, Frederick W. Montgomery, and Marcus W. Baldwin worked on Miscellaneous Die 4811, which was completed on July 22, 1899.

Beginning in September 1899, George A. Mason transferred the engraved design of the \$2 Silver Certificate face from Miscellaneous Die 4811, to Miscellaneous Die 5033. In October George U. Rose, Jr., changed the lettering for a Silver Certificate to a Treasury Note, leaving the basic design unaltered. Unlike the die for the face of the \$1 Treasury Note, Series of 1899, this die appears to have been finished; however the die was not hardened and the note was never issued.

#### **THE ANA INTAGLIO PRINT**

The Intaglio Print will feature Two Percent Consols of 1930 issued in 1900 to consolidate previously issued bonds. The Two Percent Consols of 1930 were payable 30 years after the date of issue with both the principal and the interest to be paid in gold coin.

Miscellaneous Die, 5218, is listed on the die card as the "Center Section of \$500 Coupon Bond Back." The vignette, a three-quarter view of the United States Capitol, was engraved in 1892 by William Adolph. The scene from the Senate side of this vignette was initially done for an admission card to the Senate reserved gallery. Although the image shows the exterior of the Senate, it was also used for admission cards to the House of Representatives. The ornamental border in the upper left corner was engraved by Marcus Baldwin in 1898. Charles K. Burt engraved the bust portrait of Alexander Hamilton in 1870.

Marcus W. Baldwin and Robert Ponickau were the picture engravers. Frank Lamasure, George U. Rose, Jr., Robert H. Warren, and William F. Wall were the letter and script engravers.

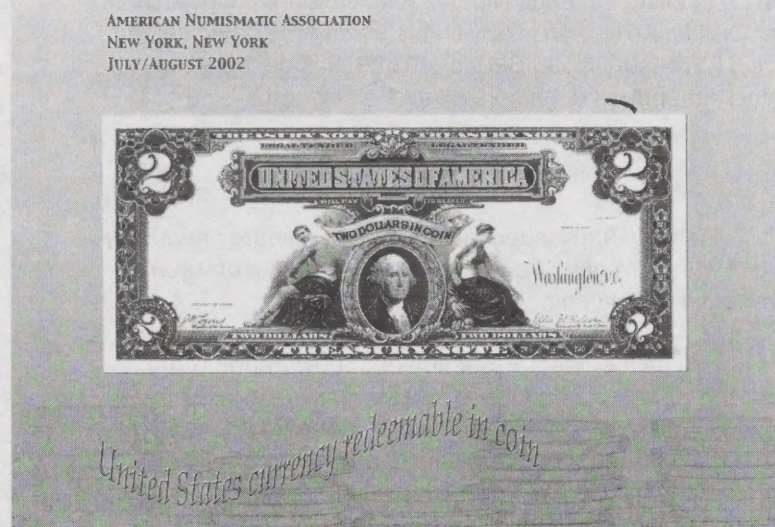

The American Numismatic Association vignette is featured in the color purple to accompany the previous one featured in January with the color blue.

## **EXHIBITS**

Souvenir Card featuring \$2 Treasury Note  
Offered at American Numismatic Association (ANA) Show

The Bureau of Engraving and Printing (BEP) will exhibit at the American Numismatic Association (ANA) Show, July 31-August 4, 2002, at the Marriott Marquis, 1535 Broadway, in New York, New York.

### **THE ANA SOUVENIR CARD**

The face of this \$2 Treasury note features a small portrait of George Washington, engraved by G.F.C. Smillie and is based on a Gilbert Stuart painting now owned by the National Portrait Gallery. This portrait is set amidst a vignette, also engraved by G.F.C. Smillie of a male and female figure representing industry and agriculture. Engravers Robert Ponikau, George U. Rose, Jr., G.F.C. Smillie, Frederick W. Montgomery, and Marcus W. Baldwin worked on Miscellaneous Die 4811, which was completed on July 22, 1899.

Beginning in September 1899, George A. Mason transferred the engraved design of the \$2 Silver Certificate face from Miscellaneous Die 4811, to Miscellaneous Die 5033. In October George U. Rose, Jr., changed the lettering for a Silver Certificate to a Treasury Note, leaving the basic design unaltered. Unlike the die for the face of the \$1 Treasury Note, Series of 1899, this die appears to have been finished; however the die was not hardened and the note was never issued.

### **THE ANA INTAGLIO PRINT**

The Intaglio Print will feature Two Percent Consols of 1930 issued in 1900 to consolidate previously issued bonds. The Two Percent Consols of 1930 were payable 30 years after the date of issue with both the principal and the interest to be paid in gold coin.

Miscellaneous Die, 5218, is listed on the die card as the "Center Section of \$500 Coupon Bond Back." The vignette, a three-quarter view of the United States Capitol, was engraved in 1892 by William Adolph. The scene from the Senate side of this vignette was initially done for an admission card to the Senate reserved gallery. Although the image shows the exterior of the Senate, it was also used for admission cards to the House of Representatives. The ornamental border in the upper left corner was engraved by Marcus Baldwin in 1898. Charles K. Burt engraved the bust portrait of Alexander Hamilton in 1870.

Marcus W. Baldwin and Robert Ponickau were the picture engravers. Frank Lamasure, George U. Rose, Jr., Robert H. Warren, and William F. Wall were the letter and script engravers.

The American Numismatic Association vignette is featured in the color purple to accompany the previous one featured in January with the color blue.

**Bureau of Engraving and Printing's  
2003 Commemorative Intaglio Print Card  
Subscription Service  
Features  
"Engraved American Heritage Collection"**

The Bureau of Engraving and Printing (BEP) participates in various numismatic events throughout the year. In an effort to celebrate the exhibits attended by the BEP this year, Commemorative Intaglio Print cards have been created to provide the general public with the opportunity to collect beautiful engravings of historic vignettes. We are extremely proud of the collection selected for 2003 and pleased to offer our subscription services for these prints.

These prints will represent an exquisite compilation of unique Engraved American vignettes reflecting the freedom and ingenuity of the American spirit. We present this product line, "**Engraved American Heritage Collection**," showcasing four cards featuring representations of: Freedom and Liberty – January 9, 2003, The Wright Brothers – June 5, 2003, The Flag – July 30, 2003 and Patriotism – November 20, 2003. This rich collection will be available at each of the exhibitions on the 2003 schedule listed on the next page of this release. It is our sincere desire that these cards be received and enjoyed with a spirit of unity and patriotism for our great country. For each numismatic exhibit, we will showcase the actual exhibit print, four weeks prior to the first day of sale on our website: [www.moneyfactory.com](http://www.moneyfactory.com).

Anyone who wishes to participate in the 2003 subscription service should complete the enclosed order form and return it with your payment. Orders may also be placed by phone, fax, or internet (see attached order form). BEP will release announcements on individual cards throughout the year.

We guarantee that subscribers will receive every Intaglio Print card for each exhibit, if they order by January 9, 2003. BEP will mail each Intaglio Print after its first day of sale. A schedule is listed on the next page.
